

# Flexible Spending Account

## Plan Enrollment Materials

No matter which health insurance plan you enroll in this year, you will likely have out-of-pocket costs. **Save up to 30% on qualifying out-of-pocket expenses** by setting aside pre-tax dollars from your paycheck with a flex account!

## How does it work? It's simple.

Choose your annual election for each flex plan, based on your anticipated expenses.

Your annual election is deducted pre-tax from your paycheck in equal amounts during the plan year.

Swipe your card for eligible expenses or submit a claim for reimbursement.

**This lowers your taxable income!**

## Save up to \$915 on medical expenses this year!

Participating in an FSA is like receiving a 30% discount from your medical providers.

### How does an FSA work?

A medical FSA is a flexible spending account that allows you to set aside pre-tax dollars for eligible medical, dental, and vision expenses for you and your dependents.

Choose an annual election amount, up to **\$3,050\***. This amount will be deducted from your paychecks in equal installments throughout the year. Your full election will be available for spending on the first day of the plan year!

### Why should I enroll in an FSA?

Almost everyone has some level of out of pocket medical costs. If you expect to incur medical expenses, you'll want to take advantage of the savings this plan offers.

Money contributed to a healthcare FSA is free from federal and most state taxes. On average, participants enjoy a 30% tax savings on their annual contribution, saving up to **\$915** per year!

### Helpful hints...

- Your election can only be changed during the plan year if you experience a qualifying event.
- Save your receipts. You may need itemized invoices to verify card swipes or for claim reimbursements.
- If your employment terminates, your account will be terminated.
- Up to **\$610** of unused funds will rollover into the next plan year. Unused funds over this amount will be forfeited at the end of the plan year.
- Reminder: You can't contribute to an FSA and HSA within the same plan year.

### Spending your FSA funds

Swipe your Flex Facts debit card to pay for eligible expenses or pay with your personal funds and submit a claim for reimbursement.

### Common eligible expenses

- Copays, deductible, coinsurance
- Doctor office visits, lab work, x-rays
- Hospital charges
- Dental and orthodontia
- Vision exams, glasses, contact lenses, laser vision correction
- Physical therapy
- Chiropractic care
- Medical supplies and first aid kits
- Rx and over-the-counter meds
- And much more...
